

## CUDJOE REGIONAL WASTEWATER SERVICE AREA

### CONNECTION WORKSHOPS

The Florida Keys Aqueduct Authority is hosting a series of connection workshops for residents in the Cudjoe Regional Wastewater Service Area.

Details about the permitting and construction process for connecting your house or business to the new central sewer system will be available through hands-on visual aids and discussion about these activities. Staff from FCAA, Monroe County, Florida Department of Environmental Protection and the Department of Health will be available to answer questions.

If you have questions prior to the workshop, please don't hesitate to call the FCAA at 305.809.2636.

## Wastewater Connection Workshop For:

## Phase 2 Southeast Area

### Meeting Details

Date

Wednesday  
November 16th

Time

6:00 - 8:00 PM

Location

St. Peter Church  
31300 Overseas Hwy  
Big Pine Key

Construction of the Cudjoe Regional Wastewater System is nearing completion and properties in the Southeast Area will be receiving connection notices soon (see large map on reverse).

Large map on reverse side

The Wastewater Connection Workshop is designed to be a hands-on, Interactive event between the residents and the agencies involved in

the connection process. Each agency will have a station to provide information and answer questions. All questions, including property-specific interests, are welcomed and encouraged.

### Need Additional information before or after the event?

Check out the project website, [www.CudjoeWastewater.com](http://www.CudjoeWastewater.com), for connection information, including connection guidance packets, connection demonstration videos, connection funding assistance opportunities, and septic tank to cistern rebate program information. Or, call the FKA at (305) 745-3991.

### Agency Assistance Stations

Department of Health - Septic Tank Abandonments

Monroe County Building Department – Lateral Connection Permitting

FKA - Gravity Connections

FKA - Low Pressure Connections

Department of Environmental Protection – Multi-Structure Permitting and Package Plant Abandonment

FKA – Septic Tank to Cistern Conversion – Guidance and Rebate Information

Contractors - Contractors are invited & a station will be provided

Monroe County / GSG — Connection Funding Assistance
